### Five Reasons to Engage Online

1. An independently moderated engagement process can be accessed 24 hours, seven days a week from the comfort of the home, office or internet hub.
2. Engage with hard-to-reach groups like working parents, younger people or the mobility impaired; not just the usual suspects.
3. Dramatically reduce the gross and marginal cost of engaging with your stakeholders.
4. Allow stakeholders time to reflect and respond rather than react in the heat of the moment.
5. Demonstrate a clear commitment to governance transparency.
